4,000 TEACHERS EXPECTED
AT STATE MEETING

Tulsa, Ok., Nov. 13.—Four thousand Oklahoma school teachers are expected to attend the state teachers' meeting which convenes in Tulsa Dec. 29, inasmuch as the new convention hall will not be ready for use by this time the executive committee has secured the basement of the large new Catholic church, seating several thousand as a meeting place. The convention will be in session three days.

A distinguished array of speakers will be on the programs of the several sessions, John E. Gunkel of Toledo, Ohio, president of the National Newsboys' Association, will speak on the subject, "The Boy, the Book and the Teacher." A. E. Winship of Boston, editor of the Journal of Education will have as his subject "The Personal Element in Education."

Bishop Edwin D. Mouzon of San Antonio, Tex., will speak upon "The Educational Mission of the Church."

Dr. S. P. Brooks of Waco, Tex., president of Baylor University, will have as the subject of his address "The Dignity of the Pedagogue."

Prof. Walter Sargent of the University of Chicago will deliver an address upon the topic, "The Palace of the Arts in Education."

Among other speakers will be Stuart A. Curtis of Detroit, J. F. Kimball, superintendent of schools at Temple, Tex., and P. W. Horn, superintendent schools at Houston, Tex.

PATTERSON PLEADS FOR PROHIBITION

Columbus, O., Nov. 13.—Former Governor Malcolm R. Patterson, twice elected chief executive of Tennessee on a "wet" ticket, addressing the Anti-Saloon League convention here today, made an impassioned plea for prohibition. He said:

"I am aware that to have suddenly changed the views I once asserted and proclaimed from one end of Tennessee to the other has excited surprise. I am neither ashamed nor abashed to acknowledge the wrong."

Commenting on one of the messages to the Tennessee legislature in which he opposed legislation to regulate the liquor traffic, he declared that at that time those were his honest convictions, based upon misguided judgment and said:

"If this message had to stand as my last expression on the liquor question I would consume it in the living fires and erase it forever from the minds and memories of men."

"I have seen the trail of liquor in criminal courts where I have prosecuted crime. I know and have been a participant in its paralyzing and corroding influence in the social and public life. As the governor of Tennessee I have seen it a veritable center of storm around which gathered its defenders and assailants and from which sprang division in parties, disputes in families and dissensions in churches.

"I have seen it draw down many associates of my boyhood, blasting their hopes and consigning them to untimely graves. I have seen its forked lightning strike my first born, the child of my young manhood, and I have borne with him the suffering and tried to help him in his brave but sometimes melancholy struggle for redemption. At last I have felt its foul and stealthy blow as it turned upon me its deadly wrath.

"I favor prohibition in any form that will either reduce or destroy the liquor traffic. I favor it person wide, town wide, state wide, nation wide and world wide."

OIL STRIKE AT ALLEN

BELIEVED THAT PAYING PRO-
POSITION EXISTS AT DEPTH OF
800 FEET.

An oil strike was made at Allen Tuesday about 11 a. m. This much is known positively, but further than that it is largely a matter of speculation—such is the information the News received over the phone this afternoon from a conservative business man of Allen.

It appears that an oil sand was penetrated at a depth of 375 feet, but the fact was carefully concealed. The last strike was made at a trifle less than 800 feet. It is reported that when the strike was made the operators quickly shut down and began a hunt for more leases. This fact aroused suspicion and it was finally admitted that oil had been found, but nothing definite could be learned.

Considerable excitement exists at

A. D. COON, Optician and Jeweler.

Allen and quite a little interest at Ada, and all kinds of rumors have been afloat, some reports indicating a gusher of from 300 to 500 barrels, but the information of the News is to the effect that it is not a gusher. The strike was made on the Banks Robinson place on Sec. 23 about three-quarters of a mile northeast of Allen.

The shallow depth of the well is of interest, as that fact in itself would make the development of a field of small producing wells profitable, and it will probably have the immediate effect of starting active operations in other sections of the county, and make certain an early resumption of drilling in the Badger well two miles west of Ada.

Lind Moves to Consulate.

City of Mexico, Nov. 12.—John Lind, President Wilson's representative, left the Mexican capital tonight for Vera Cruz. Mr. Lind has been here since Nov. 7 in conference with the American charge d'affaires, Nelson O'Shaughnessy, and others concerning the Mexican situation.

Judge Tom D. McKeown of Ada has been arraigned by the state supreme court to preside as special judge in Oklahoma City for one week commencing Nov. 24. While here he will pronounce sentence in the case of Fred Nevels, former cashier in the local office of the Waters-Pierce Oil company of having embezzled funds of the company.

Nevels was tried and convicted before Judge McKeown several weeks ago, when McKeown was presiding as a special judge in Oklahoma county. The jury which found Nevels guilty did not fix the punishment, leaving it to the court and recommending clemency commensurate with the mitigating circumstances surrounding the case, as brought out in the testimony. Judge McKeown had returned to Ada.

Vera Cruz, Nov. 12.—The personal effects of John Lind, President Wilson's representative, were removed tonight from the hotel where he has resided during his stay in Vera Cruz to the American consulate.

Mormon President's Birthday.

Salt Lake City, Utah, Nov. 13.—The seventy-fifth birthday anniversary of President Joseph F. Smith of the Mormon church was observed today by members of his family and dignitaries of the church throughout Utah, Idaho and other states. The anniversary finds Mr. Smith strong and active. Only recently he returned from a long journey to Chicago and the East, in the course of which he presided at the dedication of several churches belonging to the sect of which he is the head.

President Smith was born in the town of Far West, Mo., in 1828. As a boy he drove an ox-team in the Exodus of 1846 to the Salt Lake Valley. After serving a number of years as a missionary he gradually rose through the several offices of the church until he succeeded Lorenzo Snow in the presidency in 1901. Mr. Smith is the nephew of the Joseph Smith, who founded the Mormon Church and the cousin of the Joseph Smith who is president of the Missouri-Iowa branch which is known as the Reorganized church of Jesus Christ of Latter Day Saints.

TULSA BOOSTERS BUILD 22
MILES OF GOOD ROADS

Tulsa, Ok., Nov. 13.—Altogether twenty-three miles of county roads were improved during the good roads crusade in Tulsa county, which ended today, an extra day having been given by the laborers, making three in all. Farmers in the outlying districts were impressed with the work so that in many parts of the county they have agreed to continue this road betterment until every cross road is placed in as good condition as the main highways. Of the twenty-three miles of road improved several miles were topped off with crushed shale.

Ardmore and Shawnee are preparing to be put into moving pictures. However, the pictures will not show as much movement in the two places as they did when Rev. Bulgin was stirring things up. The movies are coming a little too late to show the towns moving at their best gait.

Guthrie is still having a lot of trouble in trying to recall its mayor and a commissioner or two. The officials object to having their case passed on by the people and it seems to be almost impossible to get an election called. From the experience we have had in Oklahoma cities where the charters provide for a recall, this course does not seem to be such a dangerous weapon after all. The officials always find a loophole somewhere through which to crawl and dodge the blow leveled at them by a dissatisfied populace. However, the papers of Guthrie are after the scalps of the mayor and his cohorts and may yet force some action.

SPECIAL TRAIN TO DURANT FOOTBALL GAME

This afternoon Agent Wright of the Frisco and a committee of normal students made the round of the business district to see what could be done about selling tickets for the special train to Durant on Thanksgiving day when the teams of the Ada and Durant normals will contest for the football supremacy of the state. They met with fair success and the special train now seems assured, although at last report the committee was a trifle short of the seventy-five tickets necessary to secure the special train.

LATER—The committee secured a sufficient number of tickets to make the train a certainty. It will leave via the Frisco early Thanksgiving morning and return in the evening after the game has been played. The chances are that a large number of enthusiastic rooters for the Ada team will arrange to go by that time and that there will be plenty of Ada enthusiasm on the ground when the game is pulled off.

OKLAHOMA CLUB WOMEN AT TULSA

Tulsa, Okla., Nov. 12.—That the club movement is gaining ground rapidly in Oklahoma and that such organizations are a potent factor for good along municipal lines was indicated by reports at the Wednesday meeting of the State Federation of Women's clubs, Mrs. M. F. Farley of Muskogee, recording secretary, reported a net increase of nineteen clubs within the past two years. The report of Mrs. P. A. Janeway, chairman of the club extension movement was that thirty-seven clubs have joined the federation since the last convention. Twenty-five clubs have withdrawn in two years.

Mrs. S. S. Dumont of Enid, president of the first district reported forty-two clubs for her district with a membership of 800, an increase.

Mrs. Ed Gotchey of Oklahoma City, president of the second district, told how the Oklahoma City club women last spring succeeded in the most successful cleanup crusade ever waged in the city. The school children of the city were interested in the movement and in two days time 450 loads of trash were assembled and hauled from the city. There has been a net increase in membership of 15 per cent in the second district.

Mrs. E. B. Lawson of Nowata, president of the third district, reported forty-three clubs in her district and a 12 per cent increase in membership since the last convention.

Mrs. J. A. Fain of Lawton, president of the fifth district, reported sixty federated clubs. A scholarship in the girls school at Chickasha, and a circulating library in the state reformatory, at Granite are maintained by the clubs of that district.

The Shubert club of Lawton with but twenty-seven members has a fund of \$500 loaned out on interest. The Philomathic club of Duncan is lending a hand on every movement for municipal advancement and recently put on a very successful cleanup campaign.

The Claremore Harmony club last year studied grand opera and recently formed a junior organization.

The feature of the afternoon session was the address of Miss Ada Robinson, director of art in the Oklahoma City public schools, upon the dress of present day highschool girls. She strongly opposed slit skirts and urged the mothers to compel a sensible and modest style of dress of their daughters, as a safeguard to their future welfare. Miss Robinson intended to illustrate her address with living models, but this part of the program was omitted. An audience of 2,000 women heard this address, and liberal applause was accorded the speaker at telling points.

PROPOSED MOTOR CAR SERVICE TO SHERMAN

George W. Lee, a prominent citizen of Denison, was in the city Thursday and part of today securing signatures to a petition to the receivers of the Frisco to install motor car service between Francis and Sherman. Needless to say he had no difficulty in securing signers, for all realize the importance of the convenient service thus afforded. Mr. Lee is also working other towns along the line and is hopeful of success.

Winnipeg, Man., Nov. 13.—Nearly all the principal Young Women's Christian Associations in the Dominion and many other women's clubs and organizations throughout Canada are represented by delegates at the triennial convention of the National Canadian Young Women's Christian Association which opened here today to remain in session until next Tuesday. The questions to be discussed at the convention touch on the educational, administrative, religious and social phases of Y. W. C. A. activity. The boarding house question will be one of the most important subjects, with girls' social clubs coming next in importance. Discussion as to work for the Y. W. C. A. among high school and college girls will also come

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and you kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush the kidneys and stimulate them to normal activity: also to neutralize the acids in the urine so it no longer irritates thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease. (Adv.)

up, together with foreign work in Japan, India and China. Among the eminent speakers who will address the convention will be Professor Graham Taylor, of Chicago, head of the school of civics, and Miss L. LAURA BIGGAR RENEWS FIGHT FOR FORTUNE

Jersey City, N. J., Nov. 13.—Vice-Chancellor Griffin, sitting in chancery court, today took up for hearing the case of Laura Biggar Bennett, who at one time was a well known actress, against the executors of the estate of her husband, Henry M. Bennett. When the settlement of the estate, which was worth nearly \$2,000,000 began it is said that the actress agreed to accept \$240,000 as her share, and has received a large part of this amount. She is now endeavoring to recover the remainder.

Laura Biggar's fight for the Bennett estate has for more than ten years been sensational in the extreme. Starting life on the stage twenty-five years ago under William A. Brady's management, Miss Biggar married an actor named Richardson, and after divorcing him was married to James Willis McConnell. Later she became the wife of Bert Haverly, an actor. While she was playing the Widow in "A Trip to Chinatown" she met Henry M. Bennett, millionaire owner of theatres in Pittsburg and Brooklyn.

Bennett even then was so old as to be decrepit. His attentions to Miss Biggar resulted in trouble with her husband. As a result Haverly secured a divorce. Miss Biggar then left the stage, where she had made her decided hit as Iza in "The Clemenceau Case," and became the nurse and companion of Bennett.

On April 11, 1902, Bennett died, and Miss Biggar was left 60 per cent. of his estate under his will. Not content with this settlement Miss Biggar, who then called herself Mrs. Bennett, put in a claim for the entire estate on the ground that she was Bennett's widow. Following this claim charges of conspiracy were brought against her, together with Dr. Charles C. Hendricks and Samuel Stanton, formerly justice of the peace in Freehold, N. J., where Miss Biggar was living at the time.

Stanton was brought into the case because he claimed to have married Bennett and Miss Biggar, and a marriage certificate signed by him played an important part of the affair. Dr. Hendricks was Miss Biggar's physician, and the proprietor of a sanitarium in which, it was said, was born the child which Miss Biggar claimed to be the posthumous child of Bennett, and which played an important part in the litigation.

The conspiracy charge against the three resulted in the jury at Freehold finding Hendricks and Stanton guilty and acquitting Miss Biggar. As an aftermath of the affair the wife of Dr. Hendricks sued Miss Biggar for alleged alienation of her husband's affections.

In 1903 and again in 1906, it was reported that Miss Biggar, or Mrs. Bennett, as she has since been known, had agreed to accept a settlement of her claims against the Bennett estate. At one time it was said she had received \$620,000 and at another time the amount was placed at \$400,000. It is certain that at various times she received large sums from the executors, but it is believed now that she is practically without funds. Hence, her renewed endeavors to secure the whole or a large part of what is left of the Bennett fortune.

Western Union Gives Up Tax Fight

The company claimed that the value of its property had been set at three times that fixed for similar property owned by individuals in the state.

Oklahoma Briefs

Oklahoma City—Following District Judge Prellie B. Cole's refusal to admit Governor Cruce's affidavit as competent evidence in the habeas corpus case of Nelson P. Hawkins, seeking to be released from the penitentiary under a parole granted by Lieutenant Governor J. J. McAlester, the governor's deposition will be taken Wednesday. The dispute arose over the action of the governor in revoking several paroles issued by McAlester when the governor was attending the governors' conference in New Jersey two years ago.

Oklahoma City—The Rock Island railroad company was cited for contempt by the corporation commission Monday for failure to report the fatal accident to Roy Swrczynski, 9, who died Saturday morning, as the result of injuries received while stealing a ride on the cars.

Physician's Best Qualification.

The best doctors have brown eyes, and it is acknowledged on all sides that the man who is a good doctor is so not because he is more skilful in knowing what medicines to give or in handling the operating knife, but because of his power of soothing his patients and giving them the impression that they are safe in his hands.

If you have rooms to rent, place a want ad in the Evening News.

Costly Ivory Mats.
There are but three mats of ivory in existence? The largest one measures eight feet by four feet, and, although made in the north of India, has a Greek design for a border. It is used only on state occasions, like the signing of important state documents. The cost of this precious mat was almost incalculable, for more than 6,400 pounds of pure ivory was used in its construction. Only the finest and most flexible strips of material could be used, and the mat is like the finest woven fabric.

Our Want Ads work day and night.

Makes Things Hum on Baking Day

Calumet Baking Powder is a wonder-worker on baking day.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

Presbyterian Revival.

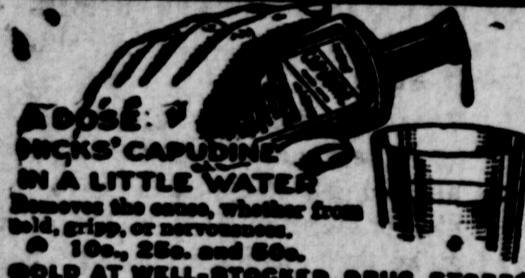

Interest the best. The singing was inspiring. The solo was choice. We are expecting even better things to-night.

Subject for tonight: "Great was the fall thereof." Two solos tonight one by Mr. Chaffin and one by Mr. Cuning. Come early and get in on the first song. The service lasts about an hour and a half beginning at 7:30. A good representation from "Sunrise" and the normal last night is worthy of note. The help we are getting from other churches is most encouraging.

ALLEN NEWS.

Honors for Noted Surgeons.

Chicago, Ill., Nov. 13.—More than 1,000 prominent surgeons of the United States and Canada today received degrees at the first convocation of the newly constituted American College of Surgeons. The degrees were presented by Sir Rickman Godlee, president of the British Royal College of Surgeons, who also delivered the oration of the day. Among the recipients of the honors were Charles F. Stokes, surgeon general of the United States Navy; George H. Torney, surgeon general of the United States Army, and Rupert Blue, surgeon general of the Public Health Service of the United States.

The American College of Surgeons was organized at a national medical congress held last May in Washington, D. C., along the lines of the British Royal College of Surgeons, "to elevate the standard of surgery on the American continent." It is not a school of surgery but an association embracing the leading surgeons of the United States and Canada. Dr. J. M. T. Finney of Baltimore, is president of the organization.

CENTER - LANHAM HAPPENINGS

Singing school which Mr. Jenkins conducted at East Lanham closed last Monday night. His pupils reported splendid success.

Mrs. Saunders and little daughter Ava went to Ada Thursday, Mr. Saunders returning with them.

Mr. Fletcher Snipe was transacting business in Ada Thursday.

Mrs. John Eddings returned from her son and family at Latta, Sunday, reporting a new grandson at the home.

Mrs. J. L. Stephens and daughters returned from a visit with relatives at Latta and Bobee.

Mr. William Buck has sold his farm to Mr. Saunders, and anticipates moving to Vanoss where he expects to engage in commercial business.

This community regrets losing such characters as this family, but our loss is only gain for Vanoss. We appreciate such folks as Mr. Saunders family for they have lived in our midst long enough to know their worth. It is to be hoped each party has made a right move.

Mr. Adney and family have moved to Fitzhugh where he will make his home. Another good family we will miss.

Bro. B. A. Peck is making arrangements to leave Center for Ada.

We do believe somebody is living badly and all the good folks are leaving us. Bro. Peck is among one of the oldest citizens at Center. He has played his part sincerely in building up this little village, both spiritually and educationally, and 'tis with regret we chronic his departure.

Mr. O. N. Norvil and family, his mother and sister returned Thursday from Fitzhugh where they visited relatives. Mr. Arthur Evans, who having received severe injuries. He was thrashing pecans and fell from a tree forty feet, which left him in a critical condition. However, he is improving.

Bro. French of Vanoss preached his last sermon at East Lanham Sunday, as pastor, unless he is appointed to the pastorate again. The past year Bro. French has done some excellent work in this district, and we will miss his services should he go to a new field.

Our congenial mail-carrier continues to be very punctual with his business and seems to be just as natural since his episode at the Ringling show as before. However, 'tis believed would be good policy to see his escort or better still to have an interview with Mr. Hightell and his company, for we want a correct account of the trip. They were bound overland.

Bro. Robinson failed to fill his appointment 2nd Sunday as quarterly conference convened at Pickett.

Messrs Joe Cantrell and O. H. Jenkins are prospecting in Ark. this week.

Misses Grace Griffith and Susie Parker took the teachers examination last Friday.

Mr. and Mrs. Bullock, nephew of Mr. Snow Dunnegan are visiting in the home.

Mr. Griffith, his cook, dishwasher and water-hauler, also W. N. Walpole, Henry Little left Monday for Lightning Ridge, where they said they were going to erect a new house, but the way they were bundled up looked like they were going off for a good time. Will be but a short time 'til Mr. Griffith will be ready to occupy his new home.

Thanksgiving the 27th, is cemetery working day. Again the ladies Missionary Society urge this date kept in mind. We hope to have a successful all day of this work. It has been so inconvenient for the finance committee to see everyone, and we ask those who want to contribute on the fund, may pay to the following committee on the above date.

At 12 o'clock Song—"We Shall Gather at the River"

Prayer—Bro. Peck.

Song—"In that Sweet By and Bye. Dinner announced on ground.

Mrs. L. A. Garrett.

Mrs. W. N. Walpole.

Mrs. J. J. Copeland, Committee.

Three months and eight days since death overshadowed Mr. and Mrs. Henry Roll's home and took their infant. Again this gloom over took them and claimed their last idol, little Unessa, 3 years old Monday 10th. She was taken almost instantly with spasmodic croup, and lingered but a few hours. She was tendered to rest in the Center Cemetery. Bro. Coggins conducted the funeral services, in a short but impressive manner. The bereaved have the sympathy of their friends.

Bro. Martin is visiting his daughter in Chattanooga, Oklahoma.

SEMPER IDEM

Hill to Run for Attorney General.

McAlester, Okla., Nov. 13.—Judge E. P. Hill, representative from Pittsburg county in the fourth state legislature, Wednesday afternoon admitted that he will be a candidate for attorney general in the democratic primary. Formal announcement, he says, will be issued about January 1.

Good Fair in Progress at Durant.

Durant, Okla., Nov. 13.—The Bryan County fair was opened Wednesday with an attendance of 4,000 persons. The finest horses, cattle, hogs and poultry that ever have been exhibited in this part of the state are contesting for premiums. A splendid exhibit of agricultural products also is displayed.

Several good horse races were run Wednesday. Art Smith, the bird man, made a beautiful flight against a twen-

ty-five-mile wind. He reached a height of 2,000 feet. He will make a flight each day during the fair. A Durant woman will accompany him Thursday. A balloon ascension is a daily feature also.

The Southeastern State Normal football team will play the Burleson Baptist college Thursday at the fair. There will be some good horse races, also automobile races Thursday and Friday. R. L. Williams, justice of the Oklahoma supreme court, will speak to his home folks Thursday.

Wonderful Blood Remedy That Works in the Tissues

The Very Latest Theory About How and Why the Blood is Disordered.

S. S. Morris Purifies Which Ensures Long Life and Health.
